# Accompanying Sheet

to the Declaration directed to  
PCT International Application  
PCT/EP00/09843

executed by

David DICKERSON on September 14<sup>th</sup>, 2009  
on behalf of Roland H. EBERL, deceased, and  
in lieu of Mr. Matthias Mayer, Mr. Roland Eberl's legal representative

To my great sadness, joint inventor Roland H.C. EBERL passed away on November 15<sup>th</sup>, 2007. By virtue of Mr. Roland Eberl's assignment of this application to me on June 13<sup>th</sup>, 2005, I believe to have sufficient interest in this application to execute the subject declaration on behalf of Mr. Roland Eberl notwithstanding execution by his legal representative who, however, refuses to sign.

Mr. Roland Eberl was a citizen of Germany. To the best of my knowledge, he was last resident in Germany at Brodwastlweg 6, 82061 München-Neuried.

Joint inventor Mr. Heinrich Eberl is likewise a citizen of Germany and is, to the best of my knowledge, resident in Germany at Hochvogelweg 3, 87463 Probstried.

Joint inventor Dr. Karsten Königstein is likewise a citizen of Germany and is, to the best of my knowledge, resident in Germany at Münchner Str. 13A, 82229 Seefeld.

I, David Dickerson, am a US citizen and am currently resident in Germany at Gartenstrasse 51, 85354 Freising.

To the best of my knowledge, the curatorship of Mr. Roland Eberl's estate was entrusted to Mr. Matthias Mayer, attorney at law, in the period from March 18<sup>th</sup>, 2008 to November 4<sup>th</sup>, 2008. Likewise to the best of my knowledge, Mr. Mayer is a citizen of Germany, resident in Munich, Germany. He has his place of business at Löwengrube 12, 80333 Munich, Germany.

I have had contact with Mr. Mayer on various occasions since October 2008 with regard to the declaration for related PCT application PCT/EP01/11634.

On September 10<sup>th</sup>, 2009, I wrote to Mr. Mayer in my capacity as the legal representative of metaio GmbH, the current assignee of the subject application, requesting that he sign the necessary declaration for the subject application. Such a declaration was enclosed, together with other documents proving Roland Eberl's inventorship. Although the letter did not include a copy of the application, it included an offer that Mr. Mayer be provided with a copy of the application at no cost, should he so desire.

In response to my aforementioned letter of September 10<sup>th</sup>, 2009 that was sent both by fax and as a confirmation copy by regular mail, Mr. Mayer sent me the accompanying letter dated September 10<sup>th</sup>, 2009.

All statements made herein of my own knowledge are true; all statements made herein on information and belief are believed to be true, and further these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and may jeopardize the validity of the application or any patent issuing thereon.
